Division of Licensure, Regulation and Education

CHECK IDS!

Establishments need to be diligent in Checking ID's. Don't serve alcohol to anyone under the age of 21. It's unsafe, illegal and irresponsible.

- Multi-agency compliance checks are done throughout the year. Protect yourself - ask for IDs every time and never sell alcohol to someone who is intoxicated!
- Use a ID checking calendar to help your staff read IDs.
- Never accept an expired ID.
- Develop a policy for safe alcohol consumption. Write out the steps that servers are to take when they encounter an intoxicated individual and have them sign it.
- Alert your staff to ask for a second ID or deny the sale if they have any doubt the purchaser may be under 21 years old.

The Department of Liquor Control offers a **FREE**
Alcohol Law Enforcement and Regulatory Training (ALERT)
to county licensees and their staff.

Call 240-777-1999 for details and to enroll.

**Have questions or concerns? Call the Outreach Office, 240-777-1904/240-777-1989,
